College of Engineering and Computing Distinguished Alumni Award

Esmael Dinan

PhD Information Technology '01

Esmael Dinan, PhD Information Technology '01, is the founder and chief technology officer of Ofinno, a research and development lab (R&D) in Reston, Virginia, specializing in advanced wireless and video communication technologies. With more than 20 years of R&D experience, he has led major initiatives in LTE-Advanced, 5G, 6G, and Wi-Fi networking technologies. While leading and inspiring the Ofinno team, he continues to be an active researcher and inventor. Dinan is one of the world's 10 most prolific inventors and holds more than 2,000 U.S.-granted patents.
